MERCIAN

The spirit of the Mount is a magical quality to which everyone contributes. From pep rallies, class meetings, and bazaar, to student body masses and retreats, the students show ever increasing enthusiasm.

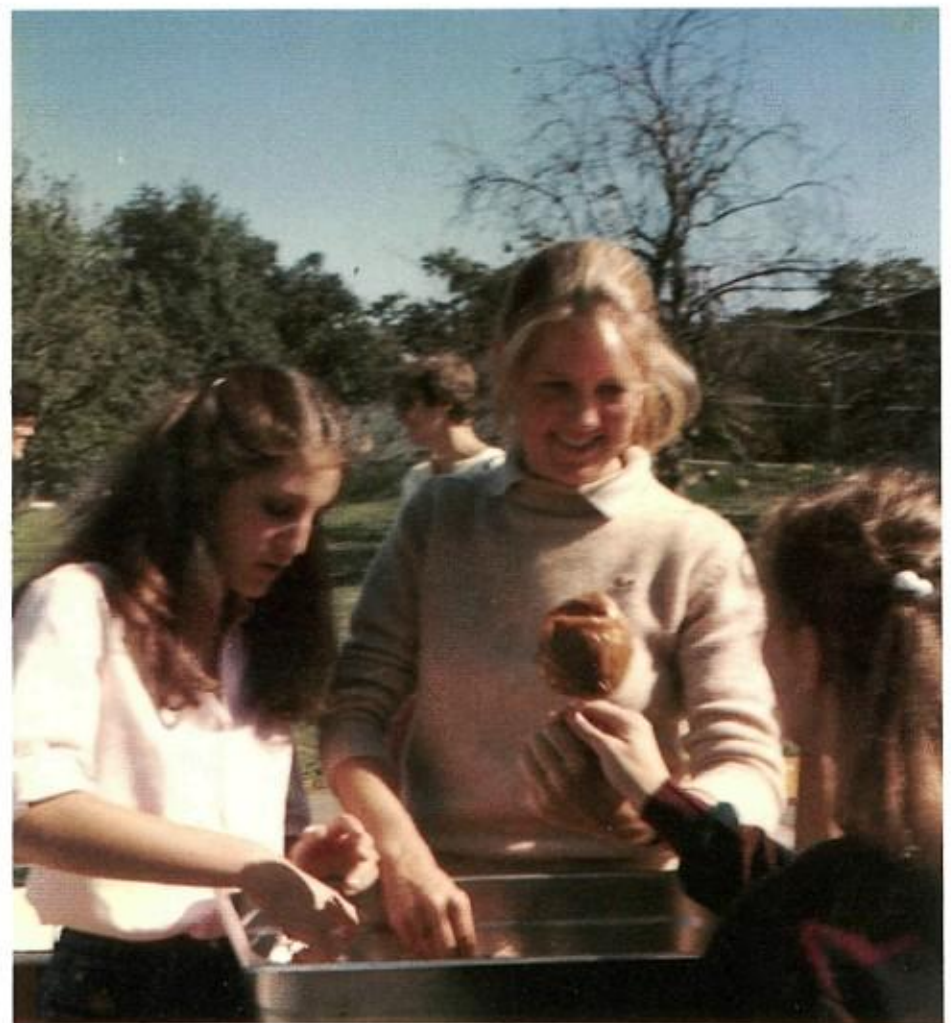

The religious aspects of our school radiate a special mystical atmosphere for all. The supernatural plays a part in the day to day happenings at St. Mary's.

Among the students, there is a distinct bond which adds to the magic of the Mount. This unity is felt by all involved with St. Mary's and transcends all boundaries of class distinctions.

Nature adds a special touch to the Mount. The beauty of the surroundings illustrates the magic of God's creation.

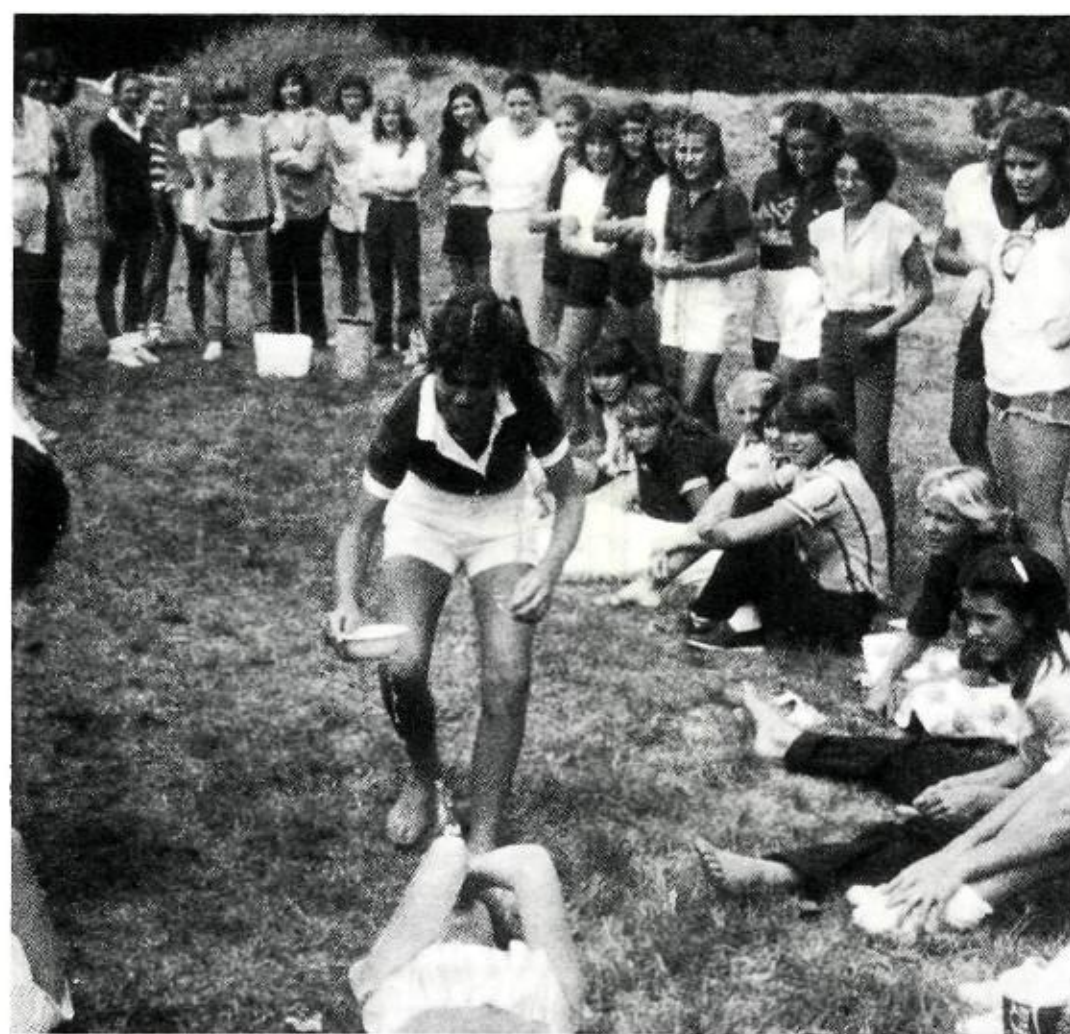

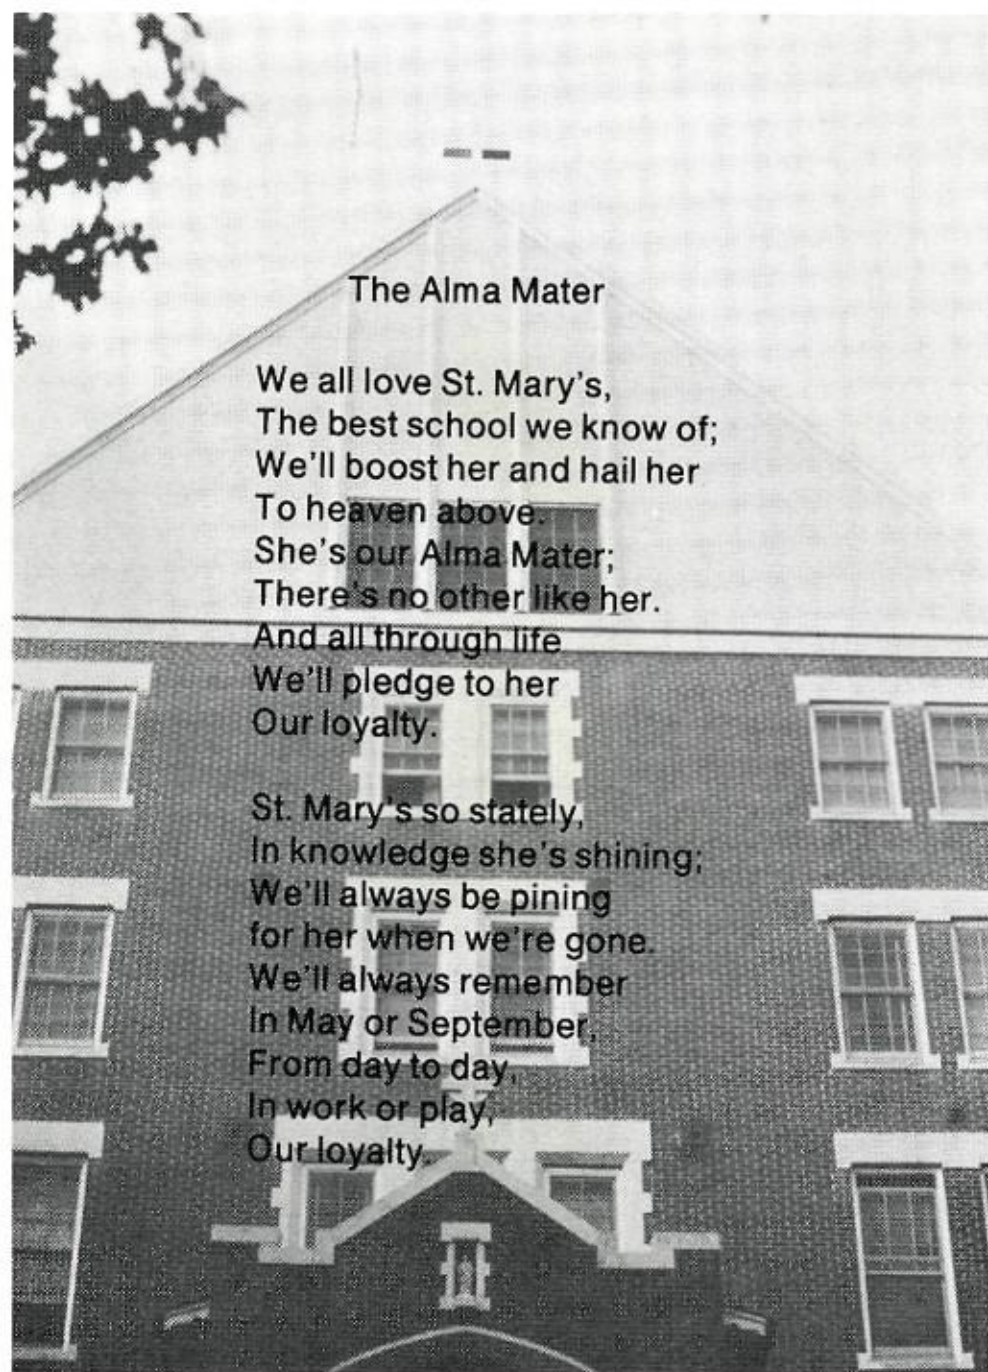

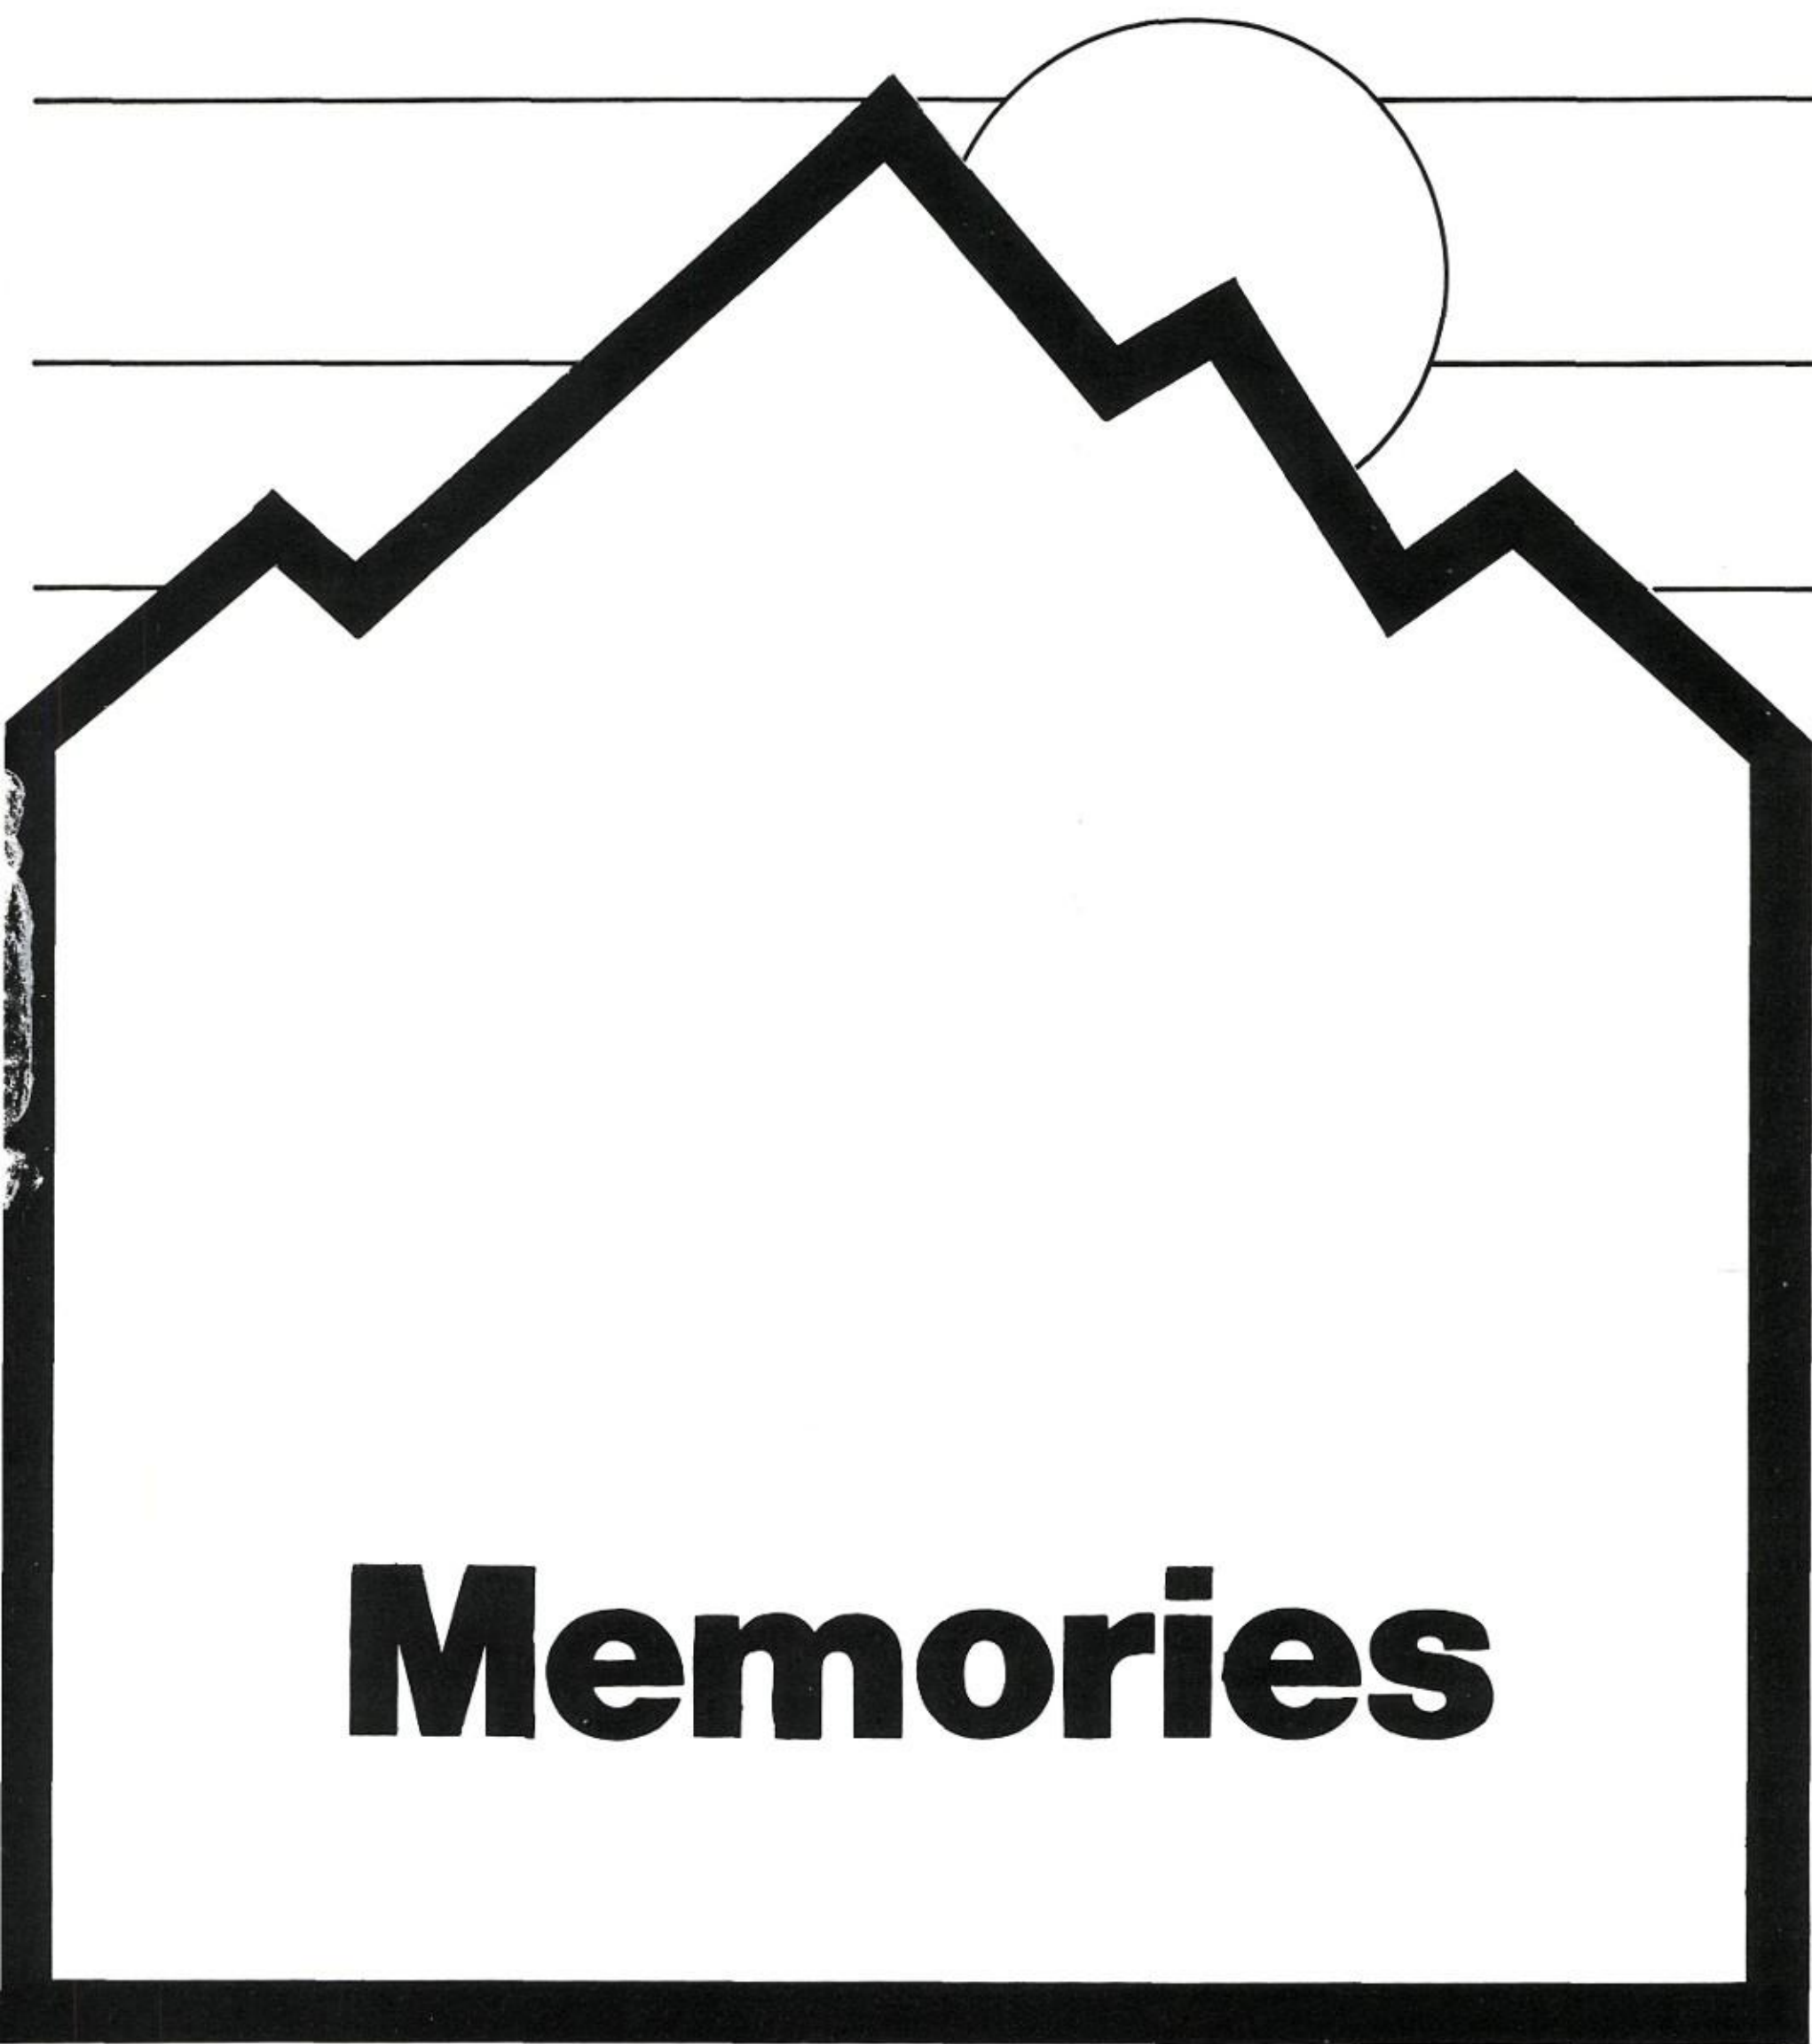

There is a magic in the uniqueness which the Mount possesses. Our all-girl community works together for the well-being of ourselves and each other.

*Students are the Magic of the Mount.
With our special likes and dislikes, attitudes
and habits, we contribute to the spell which
we leave for our successors to perpetuate.*

Memories

School Opens to Change

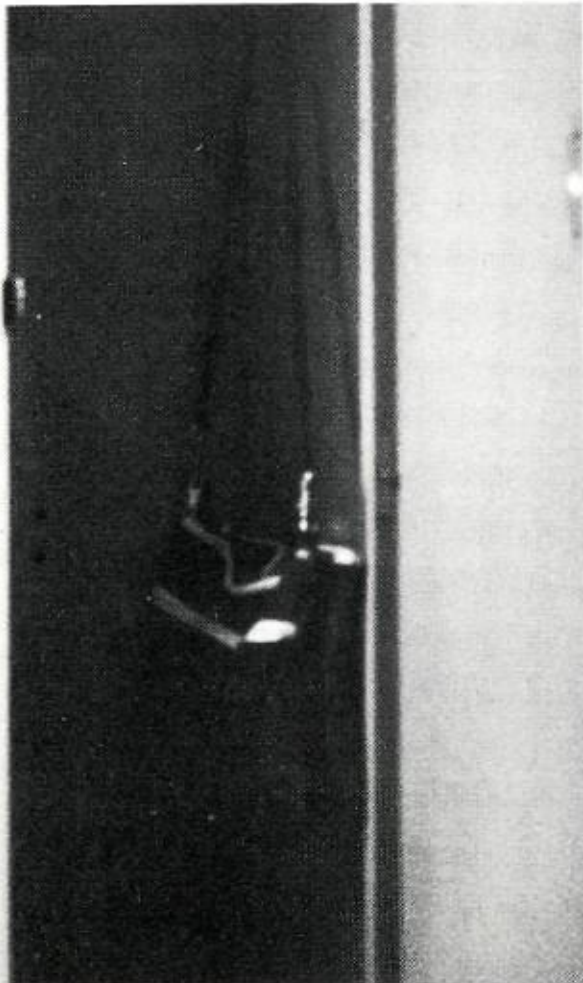

With the opening of school in August, there had already been changes made. The offices had been moved and the benches on the portico had been painted. And as each class met Sr. Blaise, they met the instigator of these changes and many other new ideas. The school was ripe for change, and Sr. Blaise was the perfect one to harvest the potential of St. Mary's.

Our new principal brought a load of new ideas.

Seniors acquired a monopoly on the parking lot.

The purse becomes prisoner.

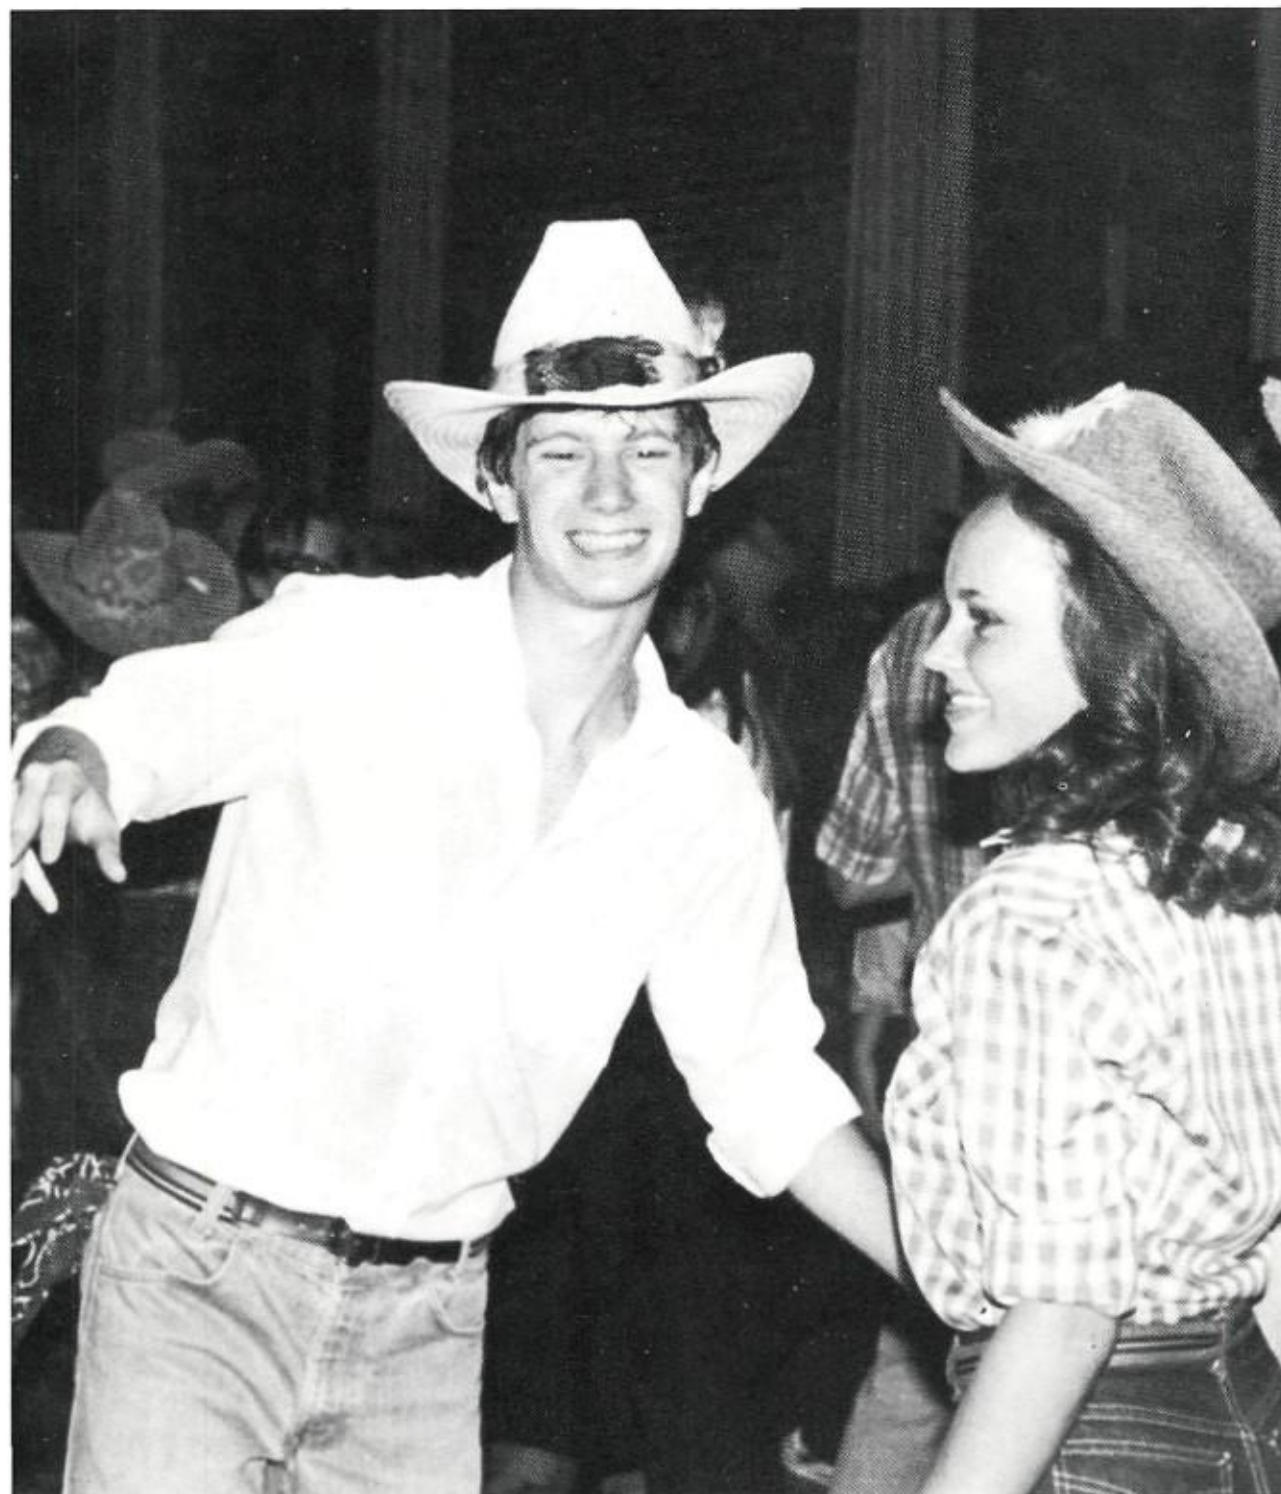

The new senior class is an important vehicle of change.

Spirit Reflects Excitement

What is any junior's greatest talent?

When school started, the heat of the summer continued. So, school was dismissed at noon for three weeks. However, the spirit of the student body became evident at the first assembly which was put on by the spirit groups. There was nothing that could have daunted the enthusiasm of the classes for the new school year.

"C'mon ma'am, let me show ya the Barnyard Strut!"

Homework is exciting, too.

To Be a True Sister . . .

The freshmen were officially initiated into the spirit and unity of school by their big sisters. The fun began on the first day of school, with the awkward but memorable meeting of one's senior keeper and continued with the Freshman Day. On this day, the halls were filled with frosh in costumes that reflected some vivid senior imaginations! The little sisters accepted their plight in good humor and became official family members at the Mount.

It's not Halloween, it's just Freshman Day.

"You mean I can't wear my button-down Gucci blouse?"

Dr. Frankenstein and her latest creation.

Seniors teach freshmen.

It may take a while to teach these freshmen.

You Have to Earn It!

Freshman disagree on where the action is.

"Whip it good!"

Rings . . .

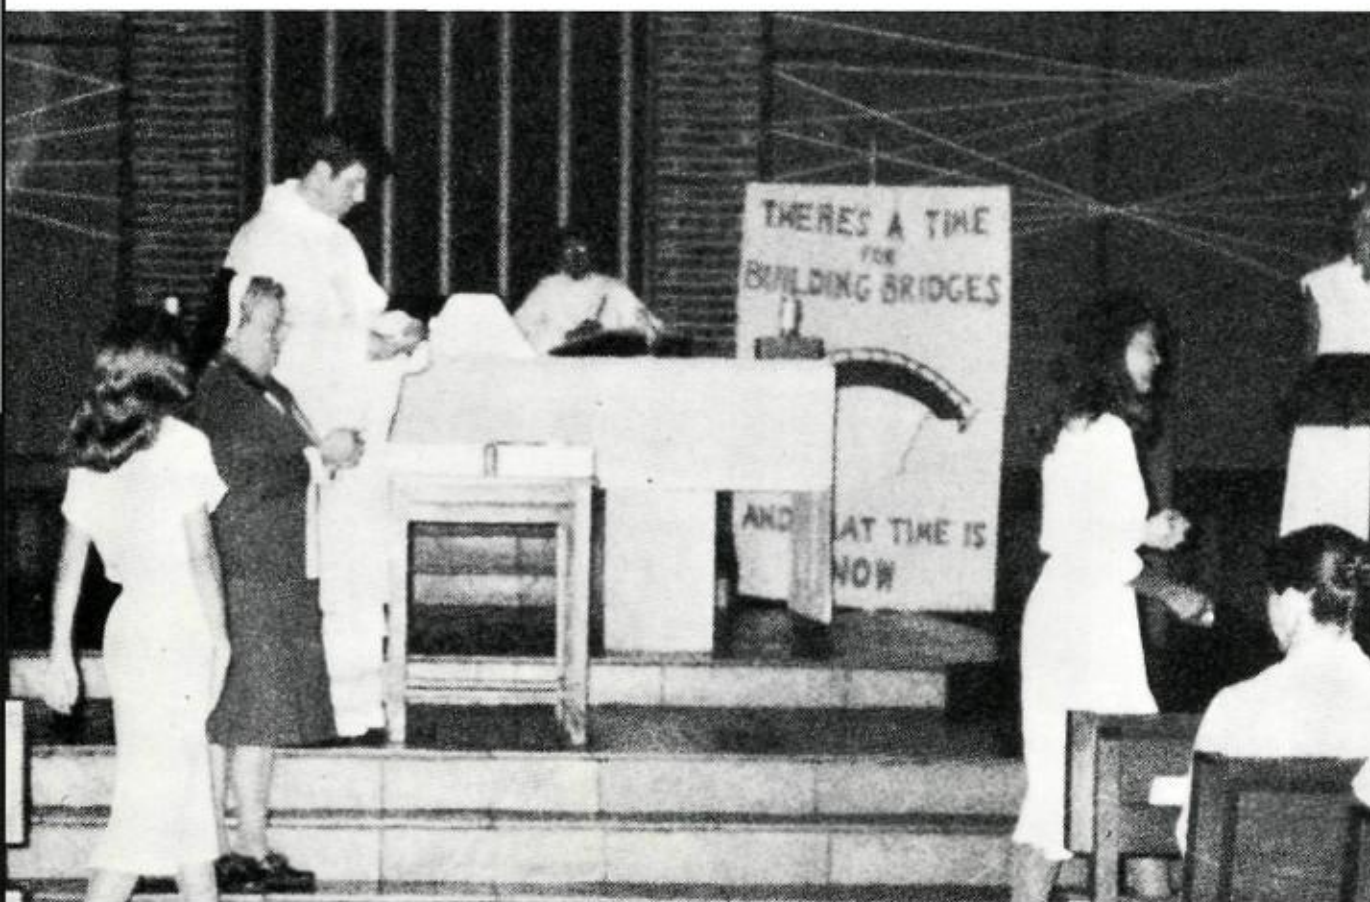

By September, the new seniors were in earnest to receive their class rings. Their excitement spread through the school during the last week as time was taken during religion classes for singing practice. Finally, on September 19th, at Holy Souls, each senior was given the ring to wear as a symbol of her fidelity to St. Mary's. Then she set out to have the ring turned 81 times to add a uniqueness to that symbol as belonging to the one and only class of 1981!

Varying tastes of the seniors are satisfied by different style rings.

Anything to get out of religion class!

An inside Mass lent more excitement to the air.

Shirley Binz wonders who will turn her ring the 81st time.

"Wait, did I miss my name?"

Anita Kordsmeier and Lisa Hendon contemplate the future.

... Build Senior Bridges

Rita Aletter lends her talent for accompaniment.

Bazaar Is . . .

The annual fall bazaar is the biggest moneymaking project that the school holds during the year, and the importance of its success was reflected this year in the spirit of the classes, not only in raffle selling, but also in the actual work hours put into the booths on October 12. This spirit was sparked with the bazaar kick-off assembly in which the prizes were revealed and new incentives for selling were announced. In addition, the assembly marked the beginning of the class selling competition that would carry the seniors to decisive victory!

Mousetrap Keeps Audience Guessing

A fall play was added to the schedule at the Mount. *Mousetrap* by Agatha Christie, gave students from St. Mary's and Catholic High a chance to reveal their dramatic talents. Ms. Babcock, the cast, and the crew did a marvelous job with the school's first fall production.

1980

The Homecoming Court was elected with a new twist in the voting procedure. The eligibility was opened to all senior girls, and the vote was designed to name twelve nominees. The nominees were: Tara Cameron, Brigid Elsen, Susan Hain, Cheryl Helgeson, Holly Hayes, Janis Johnson, Natalie Polk, Ann Truemper, Medora Vestal, Dana Winter, Vicki Wrape, and Mickey Zemann. From those girls, six were chosen by a joint vote between St. Mary's and Catholic High to represent the schools at Catholic High's Homecoming ceremonies and game.

Honors

Honors are often bestowed upon students at St. Mary's, and 1980 was no exception. The Girls' State Delegates attended Girls' State over the summer and learned about government procedures. The Debate Team won numerous honors at Student Congress, and Mariam Miller was elected Speaker of the House. In addition, four girls displayed academic prowess in their achievement of National Merit Semifinalist standing.

National Merit Semifinalists were Lisa Ferrell, Carol Lipe, Mary Jo Christ, and Susan Hain.

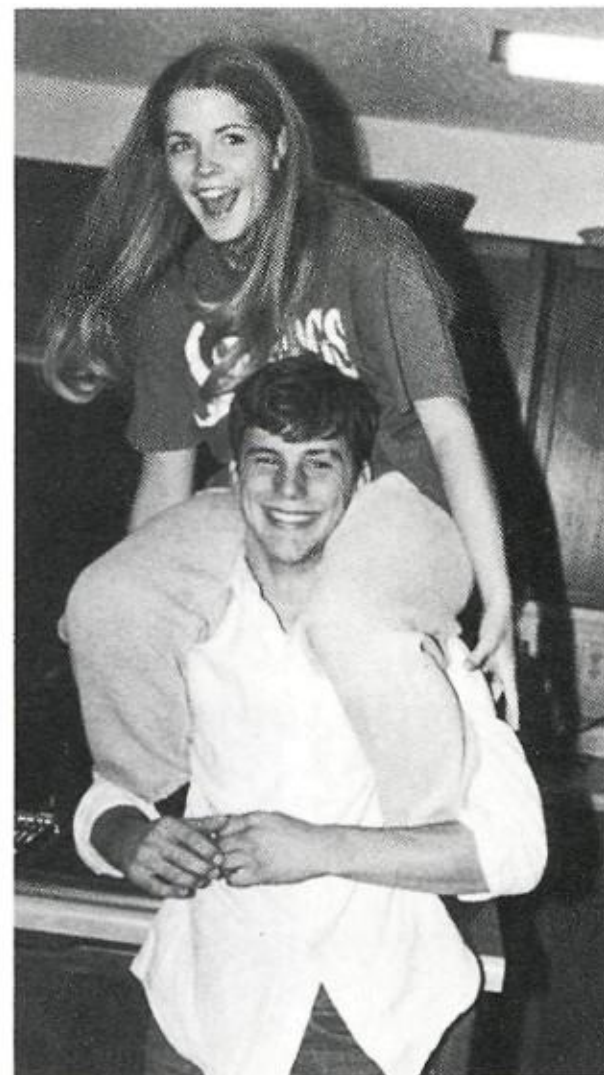

Something you get little of at Search.

Searching Is Fun!

Search for Christian Maturity is a weekend retreat in which a person can learn about herself, others, and God. This learning comes about through talks, discussions, presentations, and other devices. It is a weekend that is enjoyable for all. Many St. Mary's students have been involved in making SEARCH a success.

The Jammin' O.T. does the dirty work.

Calendar of Events

1980 was no ordinary year! The Olympics were boycotted by the US and many other countries. Mt. St. Helens and the Titan II Missile in Damascus exploded into national headlines. The record-breaking temperatures of the summer heat wave triggered droughts, crop failures, and fatalities. A secret mission to rescue the 52 American hostages in Iran ended in disaster and failure with the death of eight of the rescuers. The entire country experienced a sense of unity and hope that school students had never known as, on January 20, 1981, Ronald Reagan was inaugurated and the 52 Americans were spared that 445th day in captivity and found themselves returning to a country bound by a yellow ribbon of spirit.

Reagan's coattail helped Frank White win the governor's office.

Seniors Are Magic . . .

Seniors are magic! After four long and hard years at the Mount, the Class of '81 has grown into a class unified by its spirit. Each girl has a special talent which helps make this class so unique.

The Seniors succeeded in winning the Bazaar chance-selling contest for the fourth year after a challenge from Sister Richard their Freshman year.

They survived through four years of homework and long-range assignments. They still have to face the challenge of the future.

Juniors Make Magic at the Mount . . .

Junior officers look down on their subjects.

Juniors make magic at the Mount. This year the Class of '82 began their activities with the Back to School Dance. After great success with the dance, the Juniors began selling raffle tickets for a large Christmas stocking. The Juniors' main activity of the year however, was the Prom. This was the first year the Juniors sponsored the Prom, and they handled it quite well. Through their work this year, the Class of '82 added spirit to the magic of the Mount.

Playground Gossip!

Along with the many new changes and additions to the Mount this year is the formation of the MSM kindergarten. The back room of the Day Care Center is used for the kindergarten class, which is composed of about thirteen children. Cathy Froechlich is their enthusiastic, patient teacher. The children are taught reading and math readiness each day, which is accompanied with several recess breaks. The children are also provided with a well-balanced lunch everyday. The kindergarten is a nice asset to the school environment, and it should be a great success.

The aftermath of recess.

The Magic of Little Ones

The Day Care Center, which was new to the Mount last year, under went several minor changes over the summer. The old art room is now strictly for the babies and toddlers, while the larger room is used for the older children. The children are involved in recreational as well as educational periods throughout the day. Their work includes reading number skills and art projects. Also, many of the toys available are helpful in developing coordination and motor skills during the free playtime. The Center has doubled its enrollment since last year. The fact that several of the teachers have one or more children enrolled contributed to the increase. MSM students have the opportunity to work with the children either through the Human Relations course or the Work Study Program. The MSM Day Care provides a healthy atmosphere through which a child can develop socially and intellectually under caring supervision.

Sr. Blaise Brings New Light to the Mount

Sr. M. Blaise Powers came to Mt. St. Mary after working on her PhD at the University of Kansas. With her, she brought much enthusiasm and the hope of making numerous changes and additions. After hearing many different stories over the summer about Sr. Blaise and her plans, the students did not know exactly what to expect. But, they came to school to find an exuberant, energetic principal ready to begin a new school year. However, due to illness, Sr. Blaise's position as principal was cut short. Though her stay was brief, Sr. Blaise made a lasting impression on the school and the students of the Mount.

Bishop Andrew McDonald celebrated mass with the student body in February. As always, the Bishop was a welcomed guest at the school.

Sr. Richard Mary Burke

Sr. Patrick Mary Hillmeyer

Sr. Richard Mary took over as principal at the beginning of the second semester. The change was easily accepted by the entire student body. Sr. Richard worked well with the students and had a number of her own ideas to put into the curriculum. She put the majority of her time into making the necessary revisions and preparing the faculty and students for a semester under new supervision. Sr. Richard Mary's hard work and dedication proved her to be a capable and efficient administrator.

Sr. Patrick Mary had a number of duties and responsibilities. She was in charge of the grounds of the campus and the finances. Her services were always requested, and she did a very good job at meeting the needs of the school.

Mary Ann and Kate attended a workshop at ASU over the summer and obtained a lot of great ideas. Our newspaper staff is something to respect and to be proud of.

college and the future!

We do not come to believe in ourselves, until someone
reveals inside us — something is valuable, worth listening to,
worthy of our trust, sacred to our touch.

The bond that links your true family is not one of blood, but of respect and joy in each other's lives.

Although our paths may someday stray,
our friendship is here to stay

God is the Center of Friendship.

Don't be dismayed at good-bye's. A farewell is necessary before you can meet again, and meeting again after moments or lifetimes is certain for those who are friends.

To the best senior Rockettes ever,
We love you and appreciate your help and will miss you always.

Hassle free interest earning bill paying money machine

First Federal is first... we have a habit of leadership in finding new ways to serve you. For instance, back in 1975 First Federal led the way by introducing TelePAY, this century's most innovative way to pay bills.

There's no hassle with TelePAY... it's so simple... you just call the TelePAY operator, read off the bills you want paid... and that's all there is to it. No checks to write, no envelopes to address, no stamps to lick. No checkbook to balance because your TelePAY statement does that for you.

All the money in your TelePAY account earns 5.5% until the moment you spend it. This great service is free if your average daily balance is \$1,000 or more. Otherwise, you pay just 15¢, the price of the stamp you used to use.

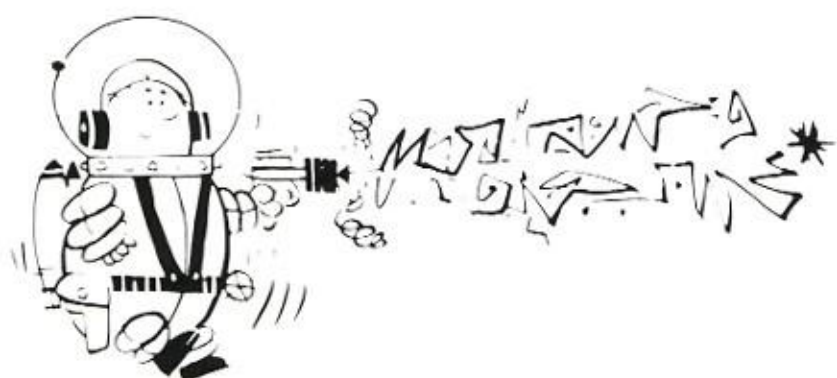

Pay bills by phone any time, day or night, on the weekend, 24 hours a day.

Turn your telephone into a hassle free bill paying interest earning money machine with First Federal's TelePAY.
